

HAZARD MITIGATION GRANT PROGRAM FUNDS NOW AVAILABLE

The State of Iowa will receive FEMA disaster funding under the Hazard Mitigation Grant Program (HMGP) as part of Presidential disaster declaration DR-4483-IA as a result of COVID-19 Pandemic.

Project Types

The State is accepting Notice of Interests (NOIs) for those eligible hazard mitigation project types that will reduce or eliminate losses from future natural disasters, including but not limited to:

- Priority #1 (category A) Property Acquisition/Elevation, electric utility hardening, detention basins, warning sirens.
- Priority #2 (category B) Elevate/protect wastewater lift stations, backup generators.
- Priority #3 (category C) Tornado Safe Rooms, small flood barriers.

Eligible Applicants

Potentially eligible applicants include:

- State agencies and local governments
- Federally recognized Indian tribal governments, including State-recognized Indian tribes, and authorized tribal organizations
- Private nonprofit (PNP) organizations or institutions that operate a PNP facility as defined in the 44 Code of Federal Regulations, Section 206.221(e).

The Disaster Mitigation Act of 2000 (DMA 2000) requires a FEMA approved local hazard mitigation plan prior to FEMA awarding HMGP project funds. Funding will be limited to sub-applicants with an approved local hazard mitigation plan at time of award.

Applicants with proposed projects located in a FEMA-identified Special Flood Hazard Area (SFHA) are eligible for funding only if the jurisdiction in which the project is located is participating in the National Flood Insurance Program (NFIP). There is no NFIP participation requirement for projects located outside of the SFHA.

Cost Share

This is a cost share grant program which means that awarded grants will be funded as follows:

- Federal (FEMA) share of total eligible costs – 75% maximum
- Non Federal share of total eligible costs – 25%
 - State of Iowa – 10% (typical)
 - Local – 15%

Iowa Code 455B.262A [effective 6-30-2011]; State participation in funding financial assistance (10% State cost share) for a flood related disaster requires participation in the NFIP for a city or county with an effective FEMA published flood insurance map that identifies a SFHA. To determine NFIP participation please visit the Federal Emergency Management Agency Community Status Book Report by clicking [HERE](#).

Notice of Interest (NOI) & Application Process

Applicants must complete the appropriate (project specific) NOI form located in the EMGrantsPro grants management system. The NOI forms can be found clicking [HERE](#).

The State hazard mitigation staff will review NOIs using basic eligibility criteria for HMGP projects outlined in 44 CFR 206.434 (c), project type and level of interest in relation to acceptance of a greater local cost share. Invitations to complete a full HMGP project application will be sent to qualifying sub-applicants for both new NOI's and previously submitted NOI's where limited funding was available. Invitation letters will identify a State Mitigation Project Officer who will work directly with the applicant. This Project Officer will contact the applicant to discuss the proposed project, the application requirements, and be available to provide technical assistance during the application development process if needed.

For additional information, questions, or assistance with submitting an NOI feel free to contact Region XII COG staff at 712-792-9914 or by email below.
