REGION XII RPA TAC MINUTES

April 8, 2026

I. CALL TO ORDER/ROLL CALL

The meeting called to order at 10:03 AM by Chair Sebern. Attendance is attached.

II. MINUTES OF THE FEBRUARY MEETING

A motion was made by Krauel to approve the February minutes, seconded by Rydl. All Ayes. Motion Carried.

III. OLD BUSINESS

Hunsaker's cake could use more rhubarb and sugar. Garcia was late. Weiss told Hunsaker that he could leave, but he did not.

IV. NEW BUSINESS

A. Retroreflectometers

Whitaker report the 922 retroreflectometers are shot. Discussion followed about how the county signs are in way better shape than IDOT's. Rydl prefers the free or cheaper route.

B. FY 2027 TPWP

A motion was made by Andersen to recommend approval of the TPWP. Seconded by Rydl. All Ayes. Motion carried.

C. FY 2026 Project Status Report

Whitaker reviewed the 2026 TIP projects and asked for status updates.

D. Local Project Updates.

US HWY 30 is not under Carroll Co jurisdiction. Diamond grinding is $110,000 a mile without patching. P28, the Guthrie route that spent more time in the TIP than any other will be locally funded. Holstein Excavating from MN is doing the Carroll 12th St. project.

The question was posed, when do we start taking roundabouts out and putting signals and stop signs back in?

Greene County is not offended they are being passed over by RAGBRAI.

E. News from IDOT

Never fear, IDOT is here.

IA 175 will be let in June for milling and resurfacing from 475 to 71. IA 141 is set for 2028.

IDOT won the Cold War on US 30. Coalition members feel the PCC overlays and Super 2 killed the chance of four-lane 30 concept. Pizza Man said, no more four lanes.

Rick is trying to be a screenager. The smoothest part of the RRVT are the road crossings.

V. ADJOURN

Meeting was adjourned by Vice-Chairperson Kraul at 11:10 AM.

REGION XII COUNCIL OF GOVERNMENTS
ATTENDANCE RECORD

DATE: April 8 2026
MEETING: RPA ~~XII~~ TAC
